The FD 1500 is *The* low volume folder/sealer solution for processing one-piece pressure sensitive mailers. Built with proven technology, the **FD 1500** provides an economical solution with the quality and reliability you have come to expect from American. The sleek office design and ease of operation makes this unit ideal for processing documents in an office environment with low volume applications. A processing speed of up to 85 forms per minute enables operators to complete daily processing jobs with ease. The added capability of processing 14" forms gives the **FD 1500** the versatility needed to fold and seal virtually any low volume application to meet your needs.

Flexible

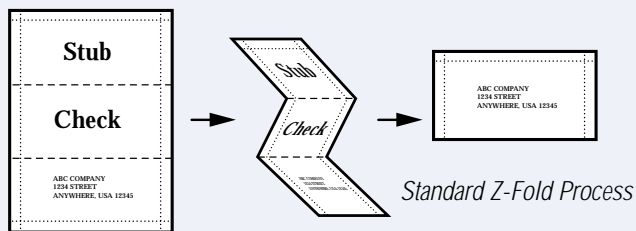

The **FD 1500** handles a variety of even panel forms up to 8 1/2" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form. An optional extended fold plate is available for processing uneven panel forms up to 8 1/2" x 14".

Dependable & Powerful

The FD 1500 is built with proven technology. Heavy-duty steel construction offers the dependability and power expected of a larger unit in a smaller package. A processing speed of up to 85 forms per minute enables an operator to complete daily jobs in no time.

Pressure Seal Solution

The Formax FD 1500 combined with a simplex printer and pressure seal forms create a secure, time saving and efficient solution for paper processing.

Ease of Operation

The FD 1500 is designed for user friendly operation. Simply set your folds according to the clearly marked settings on the fold plates, load your forms using the drop-in feed system, press start and you're on your way. A conveniently located LED indicator lights up notifying the operator when a cover is open or a fault occurs.

Specifications

Hopper Capacity:	100 Sheets 24#
Fixed Speed:	Up to 85 Sheets per minute
Duty Cycle:	4,000 per Week
Paper Size:	Up to 8 1/2" x 14"
