

Standard Features:

- **Pre-Programmed for Six Popular Folds:**
Letter, Zig-Zag, Single, Gate, Double Parallel and Fold Out folds in 11", 14" and 17" lengths.
- **Custom fold Memory Features:**
Stores up to 9 custom folds into memory for automatic setup.
- **Telescoping Outfeed Stacker:**
Holds up to 500 folded documents and keeps them in a neat sequential order.
- **Multi-Sheet Feeder:**
Folds up to 3 stapled or unstapled sheets of paper at the same time.
- **Drop-in Feed System:**
No fanning of paper required. Simply square the paper and load it in the feed tray.
- **6-Digit Addition and Batch Counter:**
Accurately counts all documents processed. Batch mode allows users to key in a pre-determined amount.
- **Cross-Folding:**
A guide is included for maximum performance.
- **Fault Detection:**
Automatically stops operation if a fault occurs.
- **Fine Tune Adjustment:**
Precisely sets fold stops for crisp accurate folds

The fully Automatic FD 380 Document Folder is the ideal folding solution for any church, school, or business which demands quick and easy set-up. Six common folds are pre-set for 11", 14" and 17" paper and can be activated with the touch of a button. Additionally up to nine custom folds can be programmed and stored in memory. All the settings are easily made with the use of a centrally located user friendly control panel and LCD.

The telescoping output stacker holds up to 500 folded documents. This unique feature enables operators to load the in-feed hopper and let it completely run out before removing the folded forms for most applications.

The Multi-Sheet Feeder gives operators the capability of folding up to three 20# sheets of stapled or unstapled paper at the same time.

With these unmatched features, the FD 380 clearly sets the standard for automatic paper folding.

Options:

- FD 400 Jogger
- Cabinet

Flexible:

The FD 380 is capable of processing paper up to 17" in length and up to 11" in width giving it the flexibility to process a variety of paper lengths and widths. The ability to customize jobs allows operators to fold in virtually any configuration that only requires two folds. Cross folding adds to the 380's flexibility allowing for additional folds in a second pass.

The unique semi-automatic multi-sheet feeder system enables operators to process stapled and unstapled sets of precollated documents with up to three 20# sheets.

Accurate:

Self centering side guides and a skew adjuster ensure that paper is loaded and feeds squarely into the folder. Fine tuning knobs on the fold plates allows the user to precisely set the fold positions.

Operator Friendly:

Pre-programmed folds, automatic fold adjustments, and a centrally located control panel makes for easy set-up and operation. The telescoping conveyor with an unprecedented stacking capability of up to 500 folded documents cuts down on unloading time and ensures that the forms remain in a neat and sequential order.

Pre-Programmed Fold Types:

Letter

Zig Zag

Single

Gate

Fold Out

Double Parallel

Variable Speed: Up to 12,500 pieces/hr

Hopper Capacity: Up to 500 sheets 20#

Paper Size: Min: 3 1/2" W x 5"L

Max: 12 1/4 W x 17"L

Power: 120 VAC 50/60 Hz

Dimensions: 33"L x 20"W x 19" H Conveyor closed

60"L x 20"W x 19" H Conveyor extended

Weight: 77 lbs

Control Panel

Multi-Sheet Feeder

Closed Conveyor

The **FD 400 Jogger** is a recommended option that reduces static electricity from paper and aligns for proper feeding.
