The PS800 is the world's fastest pressure sealer and has the capability of processing up to 40,000 single width, auto-fold, cut sheet documents per hour.

The PS800 system utilizes "state of the art" precision folding technology, combined with automatic process controls so the operator can easily make adjustments at one central location, and is ideal for large capacity users.

Capable of a high forms handling capacity, from a deep pile feeder mechanism allowing 7,000 forms to be loaded and processed in one operation. Alternatively, the system can be configured with a top loading air feed system allowing continuous, uninterrupted operation.

## Technical Specification

Processing speed	40,000 Z or C-fold forms per hour - variable speed
Duty Cycle	2,083,333
Feeder style	Deep pile feeder, air feeder, single conveyor, in-line
Form size	Width: 6 - 12" X Depth: 22"
Fold configurations	V, C, Z, Eccentric Z, and Double Parallel
Value Added Features	Testing may be required
Paper weights	Min. 24# - Max. 110# index card
Sealer	Integral 8 roller system
Color	Light Graphite
Size	L 142" x W 31.5" x H 67"
Weight	1270 lbs.
Power	208v 60Hz 3ph 20-30A
Warranty	<b>3 Months</b>
Compliance	CE Certified

## Options & Accessories

Code Reading Device, Center Cut, Roll in feed, Fan fold in feed, in-line with Xerox or Océ printers
